PROFESSIONAL SUMMARY

I am a recent Computer Science graduate with a solid academic background and hands-on experience gained through internships and volunteer roles. My exposure to Confluent, engineering, and tooling has equipped me with a diverse skill set, enabling me to contribute effectively in dynamic environments. Passionate about technology, I am committed to staying ahead of industry trends and continuously refining my expertise. My collaborative mindset and problem-solving skills make me an asset to any team, and I am eager to apply my abilities to innovative, impactful projects.

EXPERIENCE

02.2025

Project Management Intern (Monitoring & Evaluation Focus)
FMDQ Group, Lagos, Nigeria
As a Project Management Intern with a focus on Monitoring & Evaluation (M&E) at FMDQ Group, I support the assessment and tracking of project performance to ensure alignment with organizational goals. This role, which I began as part of my NYSC Primary Place of Assignment (PPA), involves data collection, analysis, and reporting to optimize project outcomes and decision-making.

- Assist in developing and implementing **M&E frameworks** for project evaluation.
- Collect, analyze, and interpret **performance data** to assess project impact.
- Support the preparation of **reports, dashboards, and presentations** for stakeholders.
- Collaborate with teams to ensure projects align with **strategic goals**.
- Contribute to **process improvement initiatives** through data-driven insights.
- Ensure accuracy and transparency in **project documentation and reporting**.

05.2024 - 01.2025

ERP Developer Internship
Lotus Beta Analytics, Lagos, Nigeria
Before starting my NYSC program, I worked as an ERP Developer Intern at Lotus Beta Analytics, where I gained hands-on experience in developing, customizing, and maintaining Enterprise Resource Planning (ERP) systems. My role focused on Odoo ERP development, working with databases, implementing business logic, and optimizing system performance to enhance business operations.

- Developed and implemented custom Odoo modules and configurations to meet client needs.
- Provided comprehensive Odoo training and technical support to enhance user adoption.
- Collaborated effectively with the team to ensure successful project delivery.
- Offered technical support to team members to optimize efficiency.
- Assisted in troubleshooting and debugging ERP system issues for smooth functionality.
- Documented customizations, workflows, and solutions for future reference.

10.2023 - 03.2024

Frontend Developer Instructor
Malhub, Ilorin, Nigeria
After successfully completing my Frontend Development training at Malhub, I was offered the role of Frontend Developer Instructor due to my competence and eagerness to share knowledge. In this role, I mentored and trained aspiring developers in modern web development technologies, providing structured lessons and hands-on coding experiences to prepare them for real-world projects.

- Developed and implemented a comprehensive frontend curriculum to meet diverse learner needs.
- Provide one-on-one mentorship and technical support.
- Foster a collaborative learning environment to enhance student engagement.
- Evaluate student progress through assignments, code reviews, and projects.
- Guide students in building real-world web applications.

08.2022 - 02.2023   **Frontend Developer Internship**
Lotus Beta Analytics, Lagos, Nigeria
During my SIWES (Student Industrial Work Experience Scheme) in 300 level, I worked as a Frontend Developer Intern at Lotus Beta Analytics. I gained hands-on experience in building scalable web applications, optimizing performance, and maintaining design consistency through reusable UI components.

- Developed and implemented reusable UI components to enhance development efficiency and maintain design consistency.
- Optimized website performance through strategic performance techniques, resulting in improved user experience.
- Delivered high-quality code within tight deadlines on multiple projects.
- Mastered core frontend technologies to build scalable and user-centric web applications.
- Ensured product quality through rigorous testing and code review processes.

02.2023   **Frontend Developer**
Freelancing, Nigeria
I started my freelancing journey during my time in school, continuing after my SIWES internship and frontend training at Malhub. Over the years, I have built and delivered a variety of frontend solutions for diverse clients, demonstrating adaptability, problem-solving skills, and a commitment to high-quality web development.

- Developed a user-centric short-term rental platform for a US-based client, ensuring a seamless booking experience.
- Built a comprehensive media platform for a Nigerian client, integrating video hosting, news content management, and user engagement features.
- Designed and implemented responsive, high-performance web applications using HTML, CSS, JavaScript, and React.js.
- Conducted thorough quality assurance testing to ensure application stability and performance.
- Assessed and integrated new technologies to enhance project outcomes.
- Accurately estimated project scope and timelines, ensuring timely delivery of solutions.

RELEVANT EDUCATION

01.2023 - 01.2024   **Certification in Frontend Development**
Malhub, Ilorin, Nigeria

- Completed an intensive Frontend Development training covering HTML, CSS, JavaScript, React.js, UI/UX best practices, and version control. Gained hands-on experience building real-world projects and optimizing web performance.

01.2019 - 01.2023   **B.Sc in Computer Science**
Kwara State University, Ilorin, Nigeria

- Earned a Bachelor's degree in Computer Science, gaining a strong foundation in software development, algorithms, data structures, and system design. Developed problem-solving skills through hands-on projects and research in web development, databases, and programming languages.

CERTIFICATIONS

FRONTEND DEVELOPMENT CERTIFICATION - Malhub

AWARDS

10.2023   **Certificate in Community Development**
KWASU CENTRE FOR COMMUNITY DEVELOPMENT (CCD)
Certificate Verification Code: ASiNs8y31a
Earned a Certificate in Community Development, gaining knowledge and practical skills in community engagement, program management, and sustainable development practices. The program focused on empowering local communities, fostering social change, and implementing effective solutions to address community needs.

PROJECTS

11.2023 - 02.2024   **TUKAY**
Link

- Developed a fintech platform using React.js, Material UI, and Tailwind CSS, integrating a secure payment gateway and designing a user-friendly interface with animations for an enhanced experience.

| 10.2024 - 10.2024 | **BFCS Laundry** |
| | [Link](), United Kingdom |

- Developed a responsive and user-friendly website for BFCS Laundry, implementing modern web technologies to improve user experience and service accessibility. The website featured intuitive navigation, service booking functionality, and seamless design to enhance customer engagement.

| 01.2023 - 11.2023 | **Level Up Front Hackathon** |
| | [Link]() |

- Successfully replicated Shopify's onboarding dashboard design, creating a seamless user experience and aligning with the platform's visual identity to enhance sales conversions.
- Completed a complex design system replication ahead of schedule, achieving a 40% increase in design efficiency, enabling the design team to launch projects 3 weeks ahead of schedule.

| 05.2024 - 05.2024 | **Mobile Housing** |
| | [Link](), United Kingdom |

- Developed a mobile-optimized short-term rental website for a UK client using ReactJS. Integrated dynamic features for property listings and booking management, and deployed the site on Vercel for high performance. Focused on component reusability, state management, and responsive design.

SKILLS

Programming - JavaScript, HTML, CSS, Typescript, HTML5
Frameworks & Libraries - React.js, Next.js, Bootstrap, Tailwind CSS, Material UI, Chart.js
Version Control - Git
DevOps - CI/CD
Soft Skills - Leadership, Teamwork, Time management, Problem-solving, Competitive, Writing, Typing, Consistent
